Computer Science Engineering Student | Web Development | Full-Stack & Java Programming | Intern at SkillCraft Technology | Intern at Future Interns

Madurai South, Tamil Nadu, India

Summary

I am a motivated B.E. Computer Science and Engineering student currently pursuing my degree at SRM Madurai College for Engineering and Technology. I have a strong passion for building efficient, user-friendly digital solutions and continuously expanding my technical skill set.

My primary areas of interest include Web Development, Full-Stack Development, and Java Programming. I enjoy turning ideas into functional applications and exploring how front-end and back-end technologies work together to create complete systems.

I am actively enhancing my skills through hands-on projects, continuous learning, and practical implementation of modern technologies. I am eager to apply my knowledge in real-world scenarios, collaborate with like-minded professionals, and grow as a software developer.

I am open to learning opportunities, internships, and collaborations that help me gain industry exposure and strengthen my technical expertise.

Education

SRM Madurai College For Engineering And Technology
Bachelor of Engineering - BE, Computer Science · (2024 - 2028)
